EXPERIENCE

Walmart Labs

Designer

Jan 2019 – Present

Designing mobile-first solutions to transform the way QC evaluates and scores Walmart's produce and meat.

- Visit distribution centers and facilitated remote user interviews to further understand current inspection process
- Work closely with product owner on our Inspect application
- Contributed to redesign of Inspect application and Process application
- Contribute feedback to design systems team for components that work best for tablet

Tools: Sketch, Invision, Jira, Confluence

J.B. Hunt

UX Designer II

June 2018 – Dec 2019

Lead product designer for internal driver application, "Drive".

- Design lo-fidelity and hi-fidelity wireframes and creating prototypes for demos and testing
- Collaborate with the research team to create effective surveys, A/B tests, and develop research plans.
- Facilitate affinity mapping sessions and prioritization mapping workshops between developers, designers, and business analysts.
- Contribute to developing mobile style guide

Tools: Adobe XD, Zeplin, Azure Dev Ops, Asana

QUE-UE

UI UX Designer

Jan 2018 – May 2018

QUE-UE is a fashion/tech and BDaaS (Big Data as a Service) startup.

Was the sole/lead UI UX designer. I was responsible for UX research and testing in an early stage of QUE-UE's journey. I also worked closely with the CEO to establish goals and develop proper taxonomies to help design the business-facing side of the platform.

Arcangel Designs

UI UX Designer

Aug 2017 – May 2018

Worked with startups and small tech businesses on UI UX projects. Also designed for and consulted on print and branding projects. Industries included fin tech, fashion tech, SaaS marketing

EDUCATION

General Assembly

User Experience Design Immersive Program

Jun 2017 – Aug 2017

10-week full-time course learning and practicing user experience and user interface design. Involved two in-class projects and one final project working for a real client.

Cal State Northridge

Bachelor of Art

Aug 2011 – May 2015

Studied art with an emphasis in graphic design. Focused on typography, print, branding, and motion graphics.

ABOUT
